

SUMMARY

Biotechnologist with a strong educational background in **BSc in Agriculture** and an **MSc in Biotechnology**, combined with two years of teaching and research experience. Seeking a challenging position in the field of biotechnology to apply my knowledge, skills, and passion for research and development.

KEY SKILLS

Genetic engineering, Plant and Animal breeding techniques, Tissue culture, PCR, gene expression analysis, DNA sequencing, **agronomic principles**, **soil science**, crop management, **pest and disease control**, Bioprocessing, **communication and coordinate Skills**, problem-Solving, **monetary management**, Proficient in **Microsoft Office Suite** and **bioinformatics software**

TECHNICAL SKILLS

Laboratory Techniques, **Genetic Engineering**, Plant Biotechnology

EDUCATION

Master of Science in Biotechnology Jul '20 - Jul '22
Maharaja Ganga Singh University, Bikaner Sriganganagar

- Acquired advanced knowledge and skills in the field of biotechnology, including **genetic engineering**, **molecular biology**, and **bioinformatics** which further helping me in pursuing groundbreaking research and development in biotechnology.
- I have developed a comprehensive understanding of **cutting-edge techniques** and technologies used in the field of **biotechnology**.

BSc in Agriculture Aug '15 - Aug '19
Swami Keshwanand Rajasthan agricultural university, Bikaner Padampur

- Gained comprehensive knowledge and skills in **farming**, **crop production**, **livestock management**, and **sustainable agricultural** practices during my four years of agriculture study.
- Apart from it, I have gained **practical experience** through hands-on training in the field, including **working on farms**, **conducting research** experiments, and engaging in **internships** with **agricultural organizations**.

PROFESSIONAL EXPERIENCE

Biotechnology Teacher Jul '22 - Present
Maharaja Ganga Singh University, Bikaner Padampur

- Developed and delivered lectures on **various biotechnology subjects** to undergraduate students*
- Prepared **lesson**, assignments, **budget**, and assessments for students' to understand **lessons**.
- Evaluate** and **analysis** pupil performance on monthly basis.
- Suggesting ways** to improve student performance

Executive Manager Feb '19 - Aug '19
Sri Ram seeds pvt.ltd Sriganganagar

Collaborate with Sri Ram seeds to learn and develop **various strategies** for farmers.
Capture and analyze steps regarding cotton refining from Agri fields to final product.
Worked with finance team to learn about **managing and allocating funds**

CERTIFICATIONS/TRAINING

RS-CIT in 2013

PROJECTS

Done a Genetic engineering project which includes depth knowledge of **genetic modification**, recombinant DNA technology, **DNA fingerprinting**, and **gene cloning**.
