ACTIVITY :-

In 2021, I organized and led a blood donation camp during the COVID-19 pandemic. I managed all aspects of the event, including logistics, volunteer coordination, and donor registration, while implementing stringent safety protocols. As the primary phlebotomist, I performed blood draws, ensuring high standards of hygiene and patient care. Additionally, I collaborated with health authorities and blood banks to ensure smooth operations and successfully collected 57 units of blood.
