In my previous role at Mofamilio Pvt. Ltd., the parent company of Bunty Momos, located in Serampore, Hooghly, and nearby areas, I served as a Total Marketing Executive Agent. This encompassed offline marketing responsibilities, where I devised and executed local campaigns and events to boost brand visibility. Additionally, in the digital space, I managed our online presence, overseeing the website, social media, and digital advertising to expand our customer base and enhance our brand reputation. My focus was on bringing the delicious flavors of Bunty Momos to a wider audience in West Bengal, ensuring the brand's growth both online and offline. The authority said that they will start to continue the process of my work for them in the coming few months. For now, it's being paused due to some personal matters of theirs.

Currently, I am engaged as a freelancer with Swastik Matrimony Pvt. Ltd., specializing in comprehensive Social Media marketing execution, Social Media Content Design, and offline poster design. This role seamlessly complements my ongoing pursuit of a BSc in Animation and Multimedia, enhancing my understanding and application of digital media strategies. Concurrently, I actively undertake freelance projects, which further enriches my diverse skill set and proficiency in the digital domain. Despite my academic commitments, I efficiently manage additional client projects, ensuring timely and high-quality deliverables. Post my degree completion, I aim to transition into a structured 9-5 work schedule, leveraging my blend of academic knowledge and practical experience.
