To contribute towards the success of the organization through the leadership role in my job and to work in a challenging environment, where I can enhance my skills, strength and my knowledge by working on goals.

Experience: 3 years

- Presently working in **COVID-19 diagnostic laboratory in Department of Microbiology and Molecular Biology** at **ICMR-NJIL&OMD** as a **Technical Officer** (project technical support-V) from **19 July 2021 to till date**.

Nature of work:

1. Managing team work
2. Report updating
3. RT-PCR results
4. RT-PCR kits validation
5. COVID-19 positive samples QC testing
6. Attending NIC meetings and communication with centralized and state wise authorities for COVID-19 diagnosis laboratory.

- Previously working on a project entitled **“Study of profile of deformity in new leprosy cases and to analyze predictive risk factor in the development and progression of the disability”** in **Department of Immunology & Clinical Department** at **ICMR-NJIL&OMD** as **Project Technician-I** from **04 Nov 2019 to 30 June 2021**.

Nature of work:

1. Well experience on ELISA technique.
2. Data compilation & Data analysis.
3. Data analysis tools (Graphpad prism 9.1).
4. UV spectrophotometer
5. Patients Blood sample collection
6. Patients affected with Leprosy nerve deformities detection and handling experience of Vibrotherm machine.
7. Computer application: Microsoft Excel, Microsoft Word, Microsoft Powerpoint etc.

Laboratory skills:

- **Molecular Techniques:** RNA isolation (manually) as well as through 96 well automatic RNA extractor (Thermo Scientific), and RT-PCR technique, SARS CoVid-19 based CBNAAT.
- **Microbiological Techniques:** Microscopy, Bacterial culture and Sub-culture, Ziehl-Neelson (Z-N) Staining, and Bacterial identification by biochemical test, Bacterial Drug Sensitivity testing, Culture media/Drug Media preparation.
- **Immunological techniques:** Tissue culture, PBMC extraction, Enzyme Linked Immuno Sorbent Assay (ELISA).
- **Serological Techniques:** HIV, HCV, Typhidot, VDRL, Dengue test, Malaria antigen, Widal test.
- **BSL-3:** Bio-Safety Level-3 (BSL3) Laboratory working experience in ICMR-National JALMA Institute of Leprosy and other Mycobacterial Diseases (ICMR-NJIL&OMD) Agra.
- Working experience on fully automatic analyzer (**Beckmann coulter AU480**), cell blood counter machine (**systemex XP-100**).
- Handling of Gel Dock Machine, Incubator Machine, Laminar Hood, Biosafety Cabinets, RT-PCR machine, Automatic RNA extraction machine, Microscope, Water Bath, Autoclave machine, Centrifuge Machine, Weighing Machine, pH meter, Sonication Machine, -20 and -86 refrigerator maintenance.
- The dissertation project of M. Sc. (Microbiology) entitled “**Cytokine response against PPD Rv1357c, Rv2973, Rv2445c, Rv2588c, and Rv2557 proteins of *Mycobacterium tuberculosis* in pulmonary tuberculosis patients and healthy individuals**”.
- The dissertation project of B.Sc. (Biotechnology) entitled “**Isolation of *Staphylococcus aureus* bacteria from clinical samples**”.

Qualifications			
Exam	Board/University	Marks % / CGPA	Remark
M.Sc. (Microbiology)	Dr. B.R.A. UniversityAgra	7.66 CGPA	1 st Division
B.Sc. (Biotechnology)	Dr. B.R.A. UniversityAgra	71.69%	1 st Division
Intermediate	CBSE BOARD	72.4%	1 st Division
High School	CBSE BOARD	8.2 CGPA	1 st Division

Activities:

- Received appreciation certificate for dedication services in completion of 5 lakh COVID-19 RT-PCR diagnosis at ICMR-NJIL&OMD, Agra on 22 June 2022.
- Received appreciation certificate for dedication services in completion of 1 lakh COVID-19 RT-PCR diagnosis at ICMR-NJIL&OMD, Agra on 21 December 2020.
- Participated in pragati2018 Technical, Cultural and Social Festival at Dr. B. R. Ambedkar University Agra.
- Participated in intellectual property rights and its protection organized by Dr. B. R. Ambedkar University Agra and Council of Science and Technology, UP Lucknow.
- Participated in workshop biotechnology awareness in Pandit Deen Dayal Upadhyaya Veterinary College.
