

SAKA RAM CHOUDHARY

**Medical Laboratory Scientist
(Additional Lab Manager)**

ABOUT ME

Experience Medical Laboratory Scientist (Additional Responsibility Lab Manager) with a demonstrated history of working in diagnostic laboratory, R & D and healthcare industry. Strong Molecular Biology, Cytogenetic, Bioinformatics & diagnostic skill including Real Time PCR (qPCR), Flow cytometry, Western blotting, Gel electrophoresis, Mammalian cell culture, ELISA, Microscopy, DNA/RNA/Plasma Extraction, and medical Diagnostics like Molecular oncology, Molecular Virology, Clinical Biochemistry, Hematology, Microbiology, Serology, cytopathology and Histopathology. I am hardworking, technically astute and can work independently or in a team. I possess good verbal and written communication skills and always strive to meet deadlines. I have professional dedication, a positive approach, a learning attitude toward newer technologies, and accept challenges.

Jodhpur, Rajasthan, India

EDUCATION

- **Apex Career Institute of Paramedical Sumerpur, Pali, India 2023-2024**
Diploma –Medical Laboratory Technology (DMLT)
Pursuing (First year)
- **Chaudhary Ranbir Singh University jind, Haryana India 2022-2023**
B. Ed (Bachelors of Education) – Education
Pursuing (Final year)
- **B.S. Abdur Rahman Crescent University Chennai, Tamil Nadu, India 2015-2017**
MSc (Masters of Science) - Biochemistry and Molecular Biology) CGPA- (8.96/10)
- **Jai Narain Vyas University Jodhpur, Rajasthan, India 2011-2014**
BSc (Bachelors of Science)- Biotechnology, Chemistry, Botany
Percentage - 61.98%
- **Intermediate from Board of Secondary Education, Rajasthan, Ajmer 2011**
12th (Science Biology) - Biology, Chemistry, Physics
Percentage - 63.85%
- **S.S.C from Board of Secondary Education, Rajasthan, Ajmer 2009**
Percentage - 63.83%

PROFESSIONAL WORK EXPERIENCE

Medical Laboratory Scientist (R&D) 04/2023 – 11/2023 (8 month)
Acu MDx Laboratory and Research Center Jodhpur, Rajasthan
[National Referral Laboratory (NRL)]

Job and Responsibility: Tasks

- Perform method development, method validation and study sample analysis. SOPs, documentation, all quality control activities including IQC, ILC, EQAS results, Maintaining report and report formatting, TAT, handling of the LIMS System, Knowledge ISO 15189:2012, NABL 112. Monitoring Pre, analytical and post analytical sample processing to report.
- Handling & Operation of equipment like molecular biology, Flow Cytometry, Clinical Biochemistry, Microbiology, Haematology, Clinical Pathology and Histopathology.

Assistant Professor (Botany) 03/2021 – 04/2023 (2 year)

Pokaran T.T. college Pokaran Jaisalmer | 2021 – 2023

Job and Responsibility: Tasks

- Advised students on their academic plans, career paths, and personal goals.
- Provided instruction and guidance to undergraduate and graduate students in the classroom setting.

Quality Control Executive March 2020 – August 2020 (Duration: 6 month)
Cultivator Natural Products Pvt. Ltd. Jodhpur Rajasthan

Job and Responsibility: Tasks

- Performs testing, sampling, processing or calibration and reliable results.
- Perform method development, method validation and study sample analysis and SOPs, documentation (chemical or microbiological).
- Regular monitoring laboratory equipment Maintenance, quality control data and calibration.
- Knowledge ISO/IEC 17025, NABL 114, FSSAI.

Skills

Specimen handling, Equipment monitoring, Documentation skills, Safety guidelines, Reagent preparation, Safety regulations, Quality control, cleaning procedures, Laboratory management, Sample testing, Testing protocols, Specimen processing, Data Analysis, Technical Troubleshooting, Microsoft word, Microsoft power point, Microsoft excel, email

Technical Skills

Molecular Biology Technique Skills:

- Experience in cell/molecular biology, including molecular Genomic DNA/RNA/ isolation from Blood, PBMCs/Plasma isolation from Blood, Compact XL (My Lab) auto-extraction (RNA/DNA). PCR/qRT-PCR, Western Blot, Gel electrophoresis (A.G.E., SDS-PAGE), ELISA assay, Gel doc plate reader, Imaging, maintain cancer cell lines cultures, and flow cytometry, Biofibre, Compact XL auto-extraction.
- Comprehensive knowledge of Cell Biology, Oncology and molecular biology, Onco-Molecular Biology, Immune-oncology, Cancer Biology and Biochemistry, Bioinformatics, Karyotyping, FISH, Microarray Genomic DNA, NGS- Illumina, immunofluorescence (IF) and Immunohistochemistry (IHC)
- Strong knowledge and experience in target validation. Strong data analysis skills and proven knowledge in biological data statistical analyses. Attention to detail and strong organizational skill. Demonstrated ability to work independently and as part of a team. Proven sense of team building and work ethic. Excellent verbal and written communication skills.

Technique Skills:

1. RT PCR (qPCR) (Bio read CFX96 and Thermo quant studio 5)

Genomic DNA/RNA isolation from whole blood/Urine/Fluid/Serum, Sputum/ Swab. PLASMA/ PBMC isolation from whole blood. Preparation of SOPs, new method development and validation, Primer Design, Master mixture design with calculation, Equipment Troubleshooting, Experimental Procedures. Experiment Design (PCR plate setup according to procedure), data analysis using software and result interpretation.

2. Molecular Diagnostic (Virology & Oncology) testing – Qualitative and Quantitative Testing: BCR ABL1, HLA B27 test, HIV, HCV, HBV, H1N1, CMV, MTB ETC. - data analysis and accuracy result interpretation, Preparation of SOPs and used standard protocol for accuracy results and report formatting on LIMS.

3. Flow Cytometry (Thermo Fisher Attune Cytpix) - Instrument handling, Calibration and Quality Control and routine maintenance as establishment protocols. Assay development and new method validation. Staining and clinical sample on multicolour flow cytometry. Experiment design panel, data analysis using software and result interpretation. Handling Human/PBMC/ whole blood/Bone Marrow sample. Preparation of SOPs and used standard protocol for accuracy results and report formatting on LIMS.

4. Cytogenetic and Molecular technique skills: Genomic DNA/RNA/Protein isolation from cancer cell lines. PBMCs/Plasma isolation from blood, Passing and maintenance of human cancer cell lines. Media Preparation, Cryopreservation: Freezing & thawing of human cancer cell lines, MTT Assay for Proliferation Assay/Cytotoxicity, Cell viability and counting, Karyotyping, Staining and chromosome analysis by software with Microscopes.

5. Microbiology techniques skills: Culturing, Environmental Monitoring, Media Preparation, Streaking, Gram staining, ZN staining, Handling of densi check, control and calibrator, Check bacteria turbidity, Handling Vitech 2 compact and Back/Alert 3D, autoclave, Hot air oven, autoclave, PH meter, BOD incubator, digital colony, Microscope, Biosafety level 2. Preparation of SOPs and used standard protocol for accuracy results and report formatting on LIMS. Maintain inventory of consumables/ log records and worksheet.

5. Serology techniques: ELISA all type of immunoassay test with calculation and results interpretation, testing like HSV IgG and IgM, vial rapid card HIV, HCV, HBsAG, Dengue, ANA, ANA Profile Test by Immune blot with software and report format etc.

6. Clinical Biochemistry techniques: Handling of fully automatic analyser Roche e411 (Immunoassay) and c311 (clinical chemistry), Maintain and record of calibration and control, Preparation of aliquot for control and calibration, equipment interphasing with LIMS, Report formatting and result interpretations. Centrifuge and Preparation of SOPs and used standard protocol for accuracy test results.

7. Haematology techniques: handling of fully automatic Sysmex 350 – cell counter analyser and Sysmex CA600 – coagulation analyser. calibration and control, preparation of aliquot for control and calibration, equipment interphasing with LIMS, Report formatting and result interpretations. Centrifuge and Preparation of SOPs and used standard protocol for test.

8. Clinical Pathology techniques: Urine Analyzer, Card test, Urine strip reader test, Manual test.

9. Histopathology techniques: Grossing, tissue processor, embedding, Handling of Microtome, staining Preparation of SOPs and used standard protocol for accuracy results and report formatting on LIMS.

10. Bioinformatics techniques: gene/protein sequence, drug compound structure, gene/protein sequence, Protein Gene Data by NCBI, BLAST, molecular docking Comprehensive knowledge of AI tools and data connecting with fully automated equipment and software's.

Project:

-  **Project Title:** “Immunomodulatory effects of dietary lectin ‘jacalin’ from jackfruit (*Artocarpus integrifolia*) seeds, on human Peripheral blood mononuclear cells (PBMCs).”
 - **Project Supervisor:** Dr. Neesar Ahmed (Assistant Professor (sr. Gr).
 - **Research Institute:** School of life sciences, B.S. Abdur Rahman Crescent University Chennai, Tamil Nadu, India.

-  **Project Title:** “Morphological, biochemical and molecular study of drought stress in *Oryza sativa* L.”
 - **Project Supervisor:** Dr. S. Hemalatha (Prof. & Dean)
 - **Research Institute:** School of life sciences, B.S. Abdur Rahman Crescent University Chennai, Tamil Nadu, India.

-  **Project Title:** “Protein folding and unfolding response in Alzheimer Disease.”
 - **Project Supervisor:** Dr. S. Hemalatha (Prof. & Dean)
 - **Research Institute:** School of life sciences, B.S. Abdur Rahman Crescent University Chennai, Tamil Nadu, India

2. **Dr. Neesar Ahmed, Assistant Professor (sr. Gr)**
School of life Sciences, B.S. Abdur Rahman University Chennai
Email - neesar.sls@crecent.education
3. **Dr. Mahendra Seervi**
Associate Professor
Department of Biotechnology, All India institute of medical science (AIIMS) New Delhi
Email id –mseervi12@gmail.com, mseervi.bt@aiims.edu

Research Area of Interest:

- **Stem cell and Cancer biology, Molecular Oncology, Immunology, Cell and Molecular Biology and Cytogenetics, Cell, Bioinformatics, Biochemistry , Flow cytometry, NGS**

Achievements:

- **IIT Jam exam 2015 qualified with AIR 817**

Paper Publication:

- **Title:** “Detection of Biochemical and molecular changes in Oryza sativa L during drought stress” Khan, M.S., Sakaram, S., Hemalatha, S.,
- Journal – International Society of Biocatalysis and Agricultural Biotechnology (ISBAB)2019
- doi: <https://doi.org/10.1016/j.bcab.2019.101150>. Article Number:101150, Reference: BCAB101150

Training Certificate:

- **Vitek 2 compact and Bact/Alert 3D Training from Acu MDx Laboratory and Research Center Jodhpur.**
- **Histopathology all instrument Training from Acu MDx Laboratory and research Center Jodhpur**
- **Roche e411 and c311 Training from Acu MDx Laboratory and research Center Jodhpur**
- **Implementation of new standard in medical laboratories ISO 15189:2022**

Language Proficiency:

	Language	Proficiency
1.	English	Intermediate
2.	Hindi	Advanced

Websites and Social Links:

www.linkedin.com/in/sakaram-choudhary-5910708a

Strengths:

- Highly Self-Motivated and believes in Self Confidence.
- A Willing Learner with Dedication and Adaptability.
- An active Team player and Skilful at Handling Personnel.
- Passion for working in a multi-cultural and challenging environment
- Problem Solving experiment difficulties

Personal Profile:

Father's Name	: Uda Ram
Date of Birth	: 24-04-1993
Sex	: Male
Marital Status	: Married
Nationality	: Indian
Hobbies	: Playing, Cricket and Reading

Declaration:

I hereby declare that the information furnished above is true to the best of my knowledge and believe.

Place:

Date:

SAKA RAM
