- 12th passed from KIC D Wajidpur Amroha (U.P Board) in 2011 with First Division with PCB group
- 10th passed from KIC D Wajidpur Amroha (U.P Board) in 2009 with Second Division with Math and Science

PhD Thesis (Ongoing):

Title “To study antifungal susceptibility pattern and antimycotic effect of *Melaleuca alternifolia* (tea tree oil) on dermatophytes isolated from clinical cases of recalcitrant dermatophytosis at a tertiary care hospital”

Post Graduation Thesis:

Submitted Thesis title “Occurrence of opportunistic mycoses among patients with sputum smear positive Tuberculosis” in Post-graduation from Teerthanker Mahaveer Medical College & Research Centre, Moradabad.

Laboratory Work Practice:

- Currently doing my PhD research work which is on dermatophytes fungi isolated from clinical samples taken from dermatology patients in hospital.
- Have research practice in Mycology Laboratory for the detection of Fungal Elements by KOH Mount, Culture, LCB Mount and Biochemical Tests.
- Molecular testing of fungi and antifungal susceptibility testing by microbroth dilution method.
- Real time PCR
- Have work experience in Microbiology lab in all departments like Bacteriology, Virology, Serology, Immunology, Parasitology and Molecular lab during PhD and as well as in Post Graduation.

Teaching Practice:

Institution: Teerthanker Mahaveer Medical College & Research Centre, (Teerthanker Mahaveer University) Moradabad.

Demonstrate: Microbiology practical to MBBS & BDS students, during Post Graduation.

Lecture Taught: BPT, BMLT, DMLT, B.Sc. Nursing, and GNM, during Post Graduation.

Paper published:

- Published "Occurrence of opportunistic mycoses among patients with sputum smears positive tuberculosis" in International Journal of Scientific Research titled original research article, as a primary author.
- Published "Etiological Spectrum of Infectious Keratitis in the era of MALDI-TOF-MS at a tertiary care hospital" in Journal of Family Medicine and Primary care, as a co-author.
- Published "Epidemiology of Mycotic Infection: Experience from a tertiary care center of Uttarakhand, India" in Journal of Tropical Journal of Pathology and Microbiology, as a co-author.
- Published "Interference of Antinuclear Antibody (ANA) in Indirect Immunofluorescence Assay (IIFA) based Perinuclear Antineutrophil Cytoplasmic Antibody (PANCA) Interpretation" in Journal of Hindawi, Autoimmune diseases as a co-author.
- Published "Incidence of SARS-CoV-2 co-infections during the second wave in Sub- Himalayan Region, India" in journal of Cureus as a co-author

Conferences:

- Attended 17th Annual Conference of UP-UK Chapter of Indian Association of Medical Microbiologist (IAMM) Organised by Department of Microbiology of AIIMS Rishikesh.
- Attended 14th Annual Conference of UP-UK Chapter of Indian Association of Medical Microbiologist (IAMM) Organised by Department of Microbiology of Jawaharlal Nehru Medical College, AMU, Aligarh.
- Attended 3rd TROPACON (UP & UK Chapter) of Indian Association of Tropical Parasitology (IATP) organized by Department of Microbiology Government Medical College Haldwani May 2017.
- Attended 13th Annual Conference of UP-UK Chapter of Indian Association of Medical Microbiologist (IAMM) Organized by Department of Microbiology Himalayan Institute of Medical Science Dehradun February 2017.

Workshop & CME:

- Attended a workshop on "From Raw Data to Actionable Insights: A Hands-on Workshop on Statistical Data Analysis using SPSS & QGIS conducted by ICMR-National Institute of Cancer Prevention and Research (NICPR) Noida, Uttar Pradesh-201301
- Attended CME on "Recent Diagnostic Modalities of Tuberculosis & Line Probe Assay" Organized by Department of Microbiology Teerthanker Mahaveer Medical College Moradabad February 2017.

Oral Paper Prestation:

- Presented Oral Paper title "Incidence and various etiological agents of mycotic keratitis in a tertiary care center" in 17th Annual Conference of UP-UK Chapter of Indian Association of Medical Microbiologist (IAMM) Organised by Department of Microbiology of AIIMS Rishikesh.

Poster Prestation

- Presented a Poster Title “A hospital-based study of recalcitrant dermatophytosis: prevalence, risk factors, and clinical characteristics” in 19th UP-UK Microcon-2024 organized by department of Microbiology, Sarojni Naidu Medical College, Agra UP.
- Presented a Poster title “Prevalence of Candida co-infection in patients with Pulmonary Tuberculosis” in 14th Annual Conference of UP-UK Chapter of Indian Association of Medical Microbiologist (IAMM) Organized by Department of Microbiology of Jawaharlal Nehru Medical College, AMU, Aligarh.

Working Profile:

- ELISA
- Polymerase Chain Reaction (PCR)
- Rapid Diagnostic Test in Serology
- Antibacterial Susceptibility Testing
- All types of culture like: Sputum culture, Blood culture, Urine culture, CSF, Synovial Fluid and Mycology cultures.
- Examine all routine stain like Z-N Stain, Gram's Stain, Leishman's Stain, India-ink Stain and LPCB Stain.
- Microscopy like Urine, Stool, Pus, Sputum, Fluid, KOH Mount and Blood Slide for Malaria Parasite.
- Autoclaving and Sterilization

Computer Skills:
